Course: F23AACSP2 Landscape: Painting Fall with Soft pastels

MATERIALS LIST

MEDIUMS:

- Assortment of both softer and harder pastels in colors suitable for painting landscapes. Rembrandt, Nupastels are some of the harder brands. Unison, Terry Ludwig, Great American Artworks, Sennelier, Mount Vision are examples of softer brands. We will use harder pastels for the underpainting and paint the rest with softer pastels. If you are new to pastels, you will be doing most of your work with harder pastels.

SURFACES:

- A sheet of foam board (preferably black) to mount pastel paper on. I buy mine in Dollarama. Should be large enough to allow a few extra inches of boarder all around pastel surface.

OTHER:

- UART grit 320, 400 or 500 sanded pastel paper. Size 9X12. Could be purchased on Amazon.ca or DeSerres Art Supplies store (or on-line). Aboveground also has them. Premier Sanded pastel paper is good too. Touch is not that great, but suitable. Pastel Mat is great
- Masking tape for mounting paper on board (black preferred, but white is ok too).
