

Course name: Glass Painting – Create Your Own Stained-Glass Masterpiece

Course code: W25AGLA

Instructor: Yuqian Sun

Materials:

Object to Paint On:

Please bring **2-3 different glass objects** to paint on. Suitable items include small bottles, jars, or cups, which can be found affordably at stores like Dollarama.

If you are relatively new to drawing or have a shaky hand, it's recommended to choose objects with smooth surfaces and straight shapes rather than those with textured surface or a rounded belly part.

If you're interested in creating a stained glass effect painting, you may also choose a **flat plexiglass panel**.

Glass Paint Kit:

- **Pebeo Vitrea 160 Exploration Paint Set**
