

Instructor: Maziar Ghaderi

Course: W25APMAP, Two-Part Projection Mapping Workshop Series

MATERIALS LIST

- **Laptop:** Essential for running the projection mapping software.
- **Software Download:** Please download *Isadora* software ahead of time. [Link](#).
- **Dongle (if applicable):** If your laptop doesn't have an HDMI port, please bring a compatible dongle to connect to our projectors (which all use HDMI).

Optional

- **Personal Object:** Bring a small, lightweight item from home that holds meaning for you and that is light in colour—something like a lampshade, volleyball, or a stuffed animal.
